HR SOLUTIONS | PAYROLL

iSolved GO is tailored for the iSolved product suite, giving employees and managers more access to the information they need, when they need it, without interrupting HR. Plus, iSolved GO is easy to learn, saving HR and payroll time and improving data accuracy.

iSolved GO features include:

Stored logins

Login credentials are stored securely in the app. No more entering info each time!

View PayStubs

View your complete paystub and get a detailed look at earnings, deductions and taxes, all on one screen.

View accrual balances

View all your accrual balances with just a few taps - current, pending and year-to-date taken amounts with a detailed breakdown.

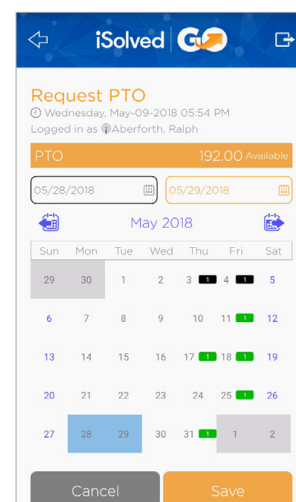

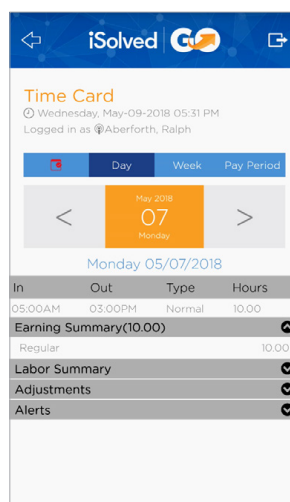

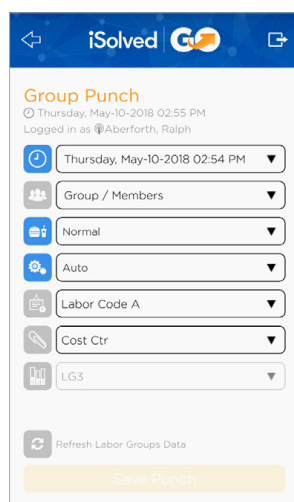

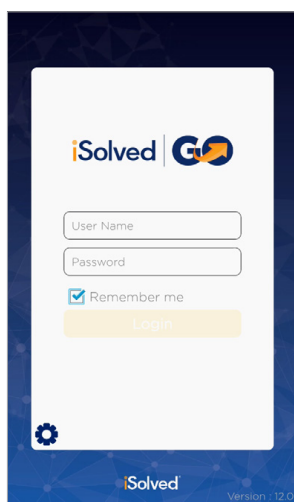

Mobile punch

A time clock in your pocket. Employees can quickly punch in and out for work as well as for meals and breaks.

Request time off

Request time off right from your phone using the intuitive calendar.
